## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 3 are rejected under 35 U.S.C. 102(b) as being anticipated by Marik et al. (U.S. 5,417,694) with reference to Exhibit A. Marik et al. teaches a cutting guide assembly for use in performing surgery on the distal end of a condyle of a femur comprising: a guide member 50 having a slot 57 for receiving and guiding a saw along a path defining a first plane; and an arm assembly A extending from said guide member 50, said arm assembly A including (a) an arm surface 53 engageable with the distal end of a condyle to be cut, said arm surface lying in a second plane spaced from said first plane and (b) a stylus 54 extending into said first plane to limit the extent to which a saw extending through said slot 57 can travel; further including an attachment member 52 on said guide member 50 engageable with a supplementary guide attached to a patient's tibia.

### ***Response to Amendment***

The declaration filed on 11/19/2003 under 37 CFR 1.131 is sufficient to overcome the U.S. 6,458,135 reference.

***Allowable Subject Matter***

Claims 2 and 4-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 12-18 and 20-47 are allowed.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
